

Next Calibration Due: 24/10/2023

Jagdeep Singh \_\_\_\_\_  

We certify any parts or components that may have been used during these procedures are genuine parts as supplied by the manufacturer and identical to those used in the device as Type Approved. This device conforms with the device that was approved.

The sample measurements in the calibration certify this device for use to the full extent of the instrument's specification. Range (20m - 750m), Speed (0 - 199mph).

This instrument has been verified to comply with the Manufacturer's Specification by using documented procedures for the calibration and verification process. The test equipment used in the calibration was itself calibrated by a UKAS accredited calibration facility.

| Distance | 0 mph Reading | Speed Simulation | Measured | Result |  |
|----------|---------------|------------------|----------|--------|--|
| 25m      | Pass          | 20 mph           | 19       | Pass   |  |
| 75m      | Pass          | 30 mph           | 30       | Pass   |  |
| 100m     | Pass          | 40 mph           | 40       | Pass   |  |
| 125m     | Pass          | 50 mph           | 50       | Pass   |  |
| 150m     | Pass          | 70 mph           | 70       | Pass   |  |
|          |               | 100 mph          | 99       | Pass   |  |
|          |               | 150 mph          | 150      | Pass   |  |

|                    |      |                    |      |                         |      |                  |      |                              |            |                        |      |
|--------------------|------|--------------------|------|-------------------------|------|------------------|------|------------------------------|------------|------------------------|------|
| Visual Inspection: | Pass | Display Integrity: | Pass | Firmware Version Check: | Pass | Distance Checks: | Pass | Pulse Repetition Check (Hz): | 200.3189Hz | Scope Alignment Check: | Pass |
